

Graduate Programme in Logic, Algorithms and Computation

The Programme was approved by the Ministry of Education decree Φ 711/B7 /146/14-3-1996, which was replaced by decree B7/38/20-1-1999, which was modified by decree 14711/B7/29-1-2004. The Programme has been running since 1997, in co-operation with

- the Department of Mathematics of the University of Athens
- the Department of Informatics and Telecommunications of the University of Athens
- the School of Applied Mathematical and Physical Sciences of N.T.U.A.
- the School of Electrical and Computer Engineering of N.T.U.A.
- the Department of Computer Engineering and Informatics of the University of Patras.

The Programme awards Master's Degrees (M.Sc.), admitting, per year, up to twenty (20) students. The duration of study is a full calendar year at least and six (6) semesters at most.

The Programme admits graduates of Departments of Mathematics, Informatics and Computer Engineering, as well as graduates of other Departments of Schools of Science or Engineering. The selection of candidates is based on the following criteria:

- graduation grade
- success and grades in a good number of undergraduate courses of mathematical content
- success and grades in a good number of undergraduate courses in Informatics or proof of good familiarity with Informatics
- recommendation letters, study proposal and research (pre)publications.

More information concerning the programme of studies, the courses offered etc. is provided by the Programme Secretary Ms. A. Vassilaki, tel. +30 210 727 6407, email vassilak@math.uoa.gr, and at the Programme's website (<http://mpla.math.uoa.gr/>).
